Animals and Humans

In Maths we will be exploring numbers to 10. As well as this we will learn about length, height, mass and capacity.

We will be discovering which animals we have as pets. We will learn about where different animals live. We will explore how to look after and care for animals. We will learn about key roles that animals play in our society.

We will be exploring how humans change over time, as well as how we can look after ourselves.

This half term we will continue our focus on writing captions, labels and simple sentences. We will be practicing our segmenting and blending skills to help with sounding out words.

How can we care for our wonderful world?

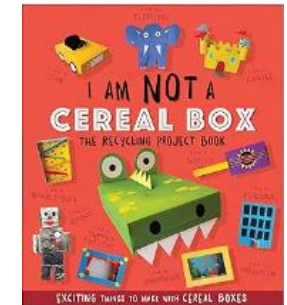

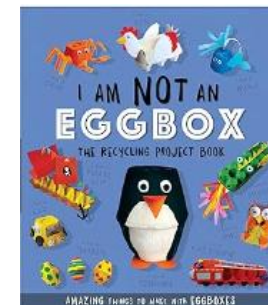

In RE we will be exploring the question 'How can we care for our wonderful world? We will be thinking about a group of people called Christians and learn why they believe it is so important to care for our world. We will also be exploring what we can do to care for our environment.

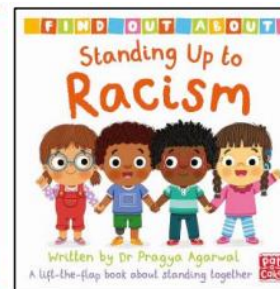

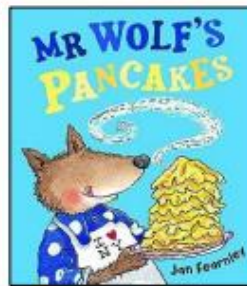

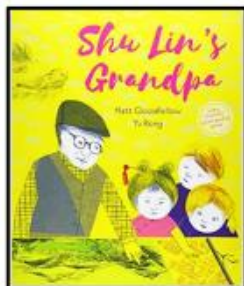

We will be learning about the celebration 'Chinese New Year'. We will explore how, when and why it is

We will be investigating signs of winter!

Here are some books we will be reading!

We will be learning to create artwork out of recycled household materials!
